FRS Investment Plan Self-Directed Brokerage Account

Accessing Your Account

Online Access: MyFRS.com

With your FRS Investment Plan Self-Directed Brokerage Account (SDBA), you have secure access to your account information when you need it—24 hours a day, seven days a week. You have the ability to review the most up-to-date information on your balances, portfolio holdings, order status, and executions.

You may access your SDBA by logging into MyFRS.com and clicking on Investment Plan. On the landing page, scroll over the FRS Investment Plan tab, and then click on Self-Directed Brokerage Account Direct Access.

Appropriateness

An SDBA is for experienced investors who want the flexibility to invest in a variety of options beyond those available in the FRS Investment Plan's primary investment funds. It is **not** suitable for all members. Like the Investment Plan's primary investment funds, there are risks associated with the investments in the SDBA and you assume the full risk and responsibility for the investments you select. None of the investments in the SDBA have been reviewed for suitability by the FRS and you are solely responsible for determining the appropriateness of any investments in the SDBA. You will need to select your investment options prudently and monitor your investment decisions carefully and frequently. You agree to fully indemnify and hold harmless your employer, the FRS, State Board of Administration, EY, Financial Engines, Alight Solutions, Alight Financial Solutions and any and all service providers to the FRS against any claims, damages, or other possible causes of actions resulting from your use of the SDBA.

Phone Access: 1-866-446-9377, Option 4 (TRS 711)

Alight Financial Solutions (AFS) representatives are available between 9:00 a.m. and 8:00 p.m. Eastern Standard Time, Monday through Friday.

Closing Your Self-Directed Brokerage Account

To close your SDBA you must liquidate all the investments in your SDBA and wait for the proceeds to be deposited in the Federated Government Obligations Fund.

Once the money is in the Federated Government Obligations Fund, you can invest this money back into any of the Investment Plan's primary investment funds by logging in to MyFRS.com -> Investment Plan -> Change Investments -> Interact With My Brokerage Account -> Close Brokerage Account and either accept your current fund allocations or select the Investment Plan primary funds you want to invest in. Subsequently, two additional automatic transfers will be made to move any residual money (dividends, interest, etc.) to your Investment Plan primary investment funds.

Once your SDBA has a zero balance you can close the account by calling the Investment Plan Administrator and connecting to AFS.

After 18 months with a zero balance and no activity, your SDBA will be removed from the AFS system. If you decide you want to reactivate an account, you will need to complete a new SDBA enrollment form.

Withdrawals

If you terminate employment and meet the Investment Plan eligibility requirements for a distribution, you may contact the FRS Investment Plan Administrator at 1-866-446-9377, Option 4, to request a withdrawal from your Investment Plan primary investment funds. Distributions **cannot** be made directly from the SDBA. You must first transfer money from the SDBA back to your Investment Plan primary investment funds.

If your Investment Plan account is subject to a federally mandated required distribution (e.g., a Required Minimum Distribution) and you have insufficient money in your Investment Plan primary investment funds, the Plan Administrator will automatically transfer funds from your SDBA back to the primary investment funds in order to process this distribution. If you have any questions about a Required Minimum Distribution, please call the Investment Plan Administrator at 1-866-446-9377, Option 4.

Account Statements

You will continue to receive a quarterly statement from the Investment Plan and your SDBA total balance will be reflected on this statement. You will also receive a separate brokerage statement detailing your SDBA balances, holdings and activity. If any activity occurs in your SDBA you will receive a monthly statement. If there is no activity in your SDBA you will receive a quarterly statement. You will also receive a trade confirmation for any purchases or liquidations in your SDBA.
